I turn ideas into visual identities people can see, touch and remember.

Trained at UDIT and with experience at **Interbrand**, I bring together visual identity, packaging and art direction with technical training in **3D and motion** applied to brand. I approach design as storytelling — from first concept to the final production detail.

EXPERIENCE

INTERBRAND *Graphic Design Intern*

SEP — DEC 2024 · MADRID

- Designed pieces for the **El Rastrillo de Nuevo Futuro** campaign: brochure, VIP invitation and social media stories.
- Supported the design team in developing visual identities and brand materials for the consultancy's clients.
- Immersed in the brand-system and client-presentation processes of one of the world's leading brand consultancies.

FREELANCE *Graphic & 3D Designer*

INDEPENDENT PROJECTS

- 3D modelling and visualisation of a railgun prototype for the **Spanish Navy**.
- Cover artwork for a music release by the artist **HEREDIA**.
- **Brand identity** for a dermatologist.
- Textile merchandise (hoodies and T-shirts) for local festivities in several towns.

EDUCATION

BA in Multimedia & Graphic Design

UDIT — University of Design, Innovation and Technology

2022 — 2026 · MADRID

Four years of a *learning-by-doing* methodology, solving real briefs set by companies in corporate identity, packaging, editorial and web — and learning to defend every project in front of a client.

Final project — The Grmps, an art toy brand built from scratch.
